CAN BE WASHED BETWEEN USES

¹ BSI Face Coverings for use by the Public - <https://www.bsigroup.com/globalassets/localfiles/en-gb/product-certification/personal-safety/bsi-guide-for-personal-safety-equipment-0520.pdf>

² Tested in accordance with BS EN 14683

Product may have mild odour when removed from packaging. Product can be disposed after use, or washed. Hand wash (or machine wash on delicate/wool cycle) with detergent up to 40 degrees maximum.

Tumble dry low or drip dry. Discard and replace if face mask becomes damaged after use/repeated washing. Product will withstand at least 4 washes.

This product is designed to reduce exposure to dust, pollen, coughs and sneezes but does not guarantee protection from infectious diseases.

Store in original packaging until required in a cool, dry location. If washed, store in a clean, dry, dust-free location until required. Dispose with household waste.
